

MINNESOTA EROSION CONTROL ASSOCIATION 2014 AWARDS

Each year MECA recognizes outstanding individuals and projects. Awards will be presented at the MECA 2014 Conference March 6th, 2014.

If you know of a person or a project that deserves recognition, we welcome you to submit this nomination form to the MECA office.

The MECA Board of Directors will review nominations and determine which submissions are will receive awards.

Select the appropriate award category:

- Innovation Award**
Awarded to an individual, company, government agency or organization that developed new products/ideas that advanced the field of erosion & sediment control/stormwater management.
- Industry Leadership**
Awarded to an individual, company, government agency or organization that has demonstrated leadership in the erosion and sediment control, or stormwater management field.
- Environmental Excellence**
Awarded to an individual, company, government agency or organization for a project that is deemed excellent based on many factors including, but not limited to; innovation, partnership, water quality and quantity protection, and project success.
- Environmental Leadership**
Awarded to an individual, company, government agency or organization who has shown leadership in advancing effective erosion and sediment control and stormwater management or other water resource related fields that have advanced water resource quality in Minnesota.
- MECA Recognition Award**
Awarded to an individual who has been actively involved with MECA and contributed significant time and effort to MECA's work.
