

EROSION & SEDIMENT CONTROL FIELD SEMINAR ANDOVER, MINNESOTA

An Opportunity to Learn About the Latest Practices & Products

Limited Number of Attendees - Sign Up Quickly!

Date: Tuesday July 8, 2014
Cost: \$40 for MECA Member - \$45 for Potential MECA Members
Location: Catcher's Creek new development, Andover Minnesota
Intersection of Cty Hwy 16 Andover Blvd (145th Ave NW) & Prairie Road
Time: Select one of two sessions. 8:00AM to 10:00AM OR 10:30 AM to 12:30PM

Don't miss your chance to see the latest erosion and sediment control products and demonstrations, and see practices installed on a site. Have your questions answered by experts!

WHO SHOULD ATTEND

Building Contractors - Excavators
Demolition Contractors
City or County Staff
Inspectors - Consultants
Watershed - SWCD

Whoever deals with construction erosion & sediment control concerns & runoff reduction.

WHAT YOU WILL LEARN

- Residential Development, regional pond/infiltration basin.
- Perimeter control options - there's a lot more than silt fence.
- Rolled Erosion Control Products (blankets) - what's the proper overlap, staple pattern, trenching, etc. When to use the different types of products.
- Concrete washout options for small construction sites. What to use to contain the rinse water when tools are cleaned.
- Sediment removal products for turbidity reduction.
- Permeable pavers.
- Underground stormwater storage system products.
- Construction entrance options.
- Inlet Protection..... And much more!

Fee includes field seminar, handouts, refreshments & networking!
