

EROSION & SEDIMENT CONTROL FIELD SEMINAR JORDAN, MINNESOTA

An Opportunity to Learn About the Latest Practices & Products

Limited Number of Attendees - Sign Up Quickly!

Date: Wednesday May 17, 2017
Cost: \$45 for MECA Member - \$50 for Potential MECA Members
Location: Scott County Fairgrounds, 7151 - 190th St. West #145, Jordan MN
Time: Select one of two sessions. 9:00am to 11:00am OR 11:30am to 1:30pm

Don't miss your chance to see the latest erosion and sediment control products and demonstrations, and see practices installed on a site. Have your questions answered by experts!

WHO SHOULD ATTEND

Building Contractors - Excavators
Demolition Contractors
City or County Staff
Inspectors - Consultants
Watershed - SWCD

Whoever deals with construction erosion & sediment control concerns & runoff reduction.

WHAT YOU WILL LEARN

- Perimeter control options - there's a lot more than silt fence.
- Rolled Erosion Control Products (blankets) - what's the proper overlap, staple pattern, trenching, etc. When to use the different types of products.
- Concrete washout options for small construction sites. What to use to contain the rinse water when tools are cleaned.
- Sediment removal products for turbidity reduction.
- Permeable pavers.
- Underground stormwater storage system products.
- Construction entrance options.
- Hydraulic erosion control products.
- Biotic soil media.
- Inlet Protection..... And much more!

Fee includes field seminar, handouts, refreshments & networking!
