

# EROSION & SEDIMENT CONTROL FIELD SEMINAR

An Opportunity to Learn About the Latest Practices & Products

Limited Number of Attendees - Sign Up Quickly!

**Date:** Tuesday May 21, 2013  
**Cost:** \$40 for MECA Member - \$45 for Potential MECA Members  
**Location:** Nature's Edge Business Park, 10775 170<sup>th</sup> Circle, Elk River, MN Highway 10, South of Elk River on the East Side.  
**Time:** Select one of two sessions. 8:00AM to 10:00AM OR 10:30 AM to 12:30PM

Don't miss your chance to see the latest erosion and sediment control products and demonstrations, and see practices installed on a site. Have your questions answered by experts!

## WHO SHOULD ATTEND

Building Contractors - Excavators  
Demolition Contractors  
City or County Staff  
Inspectors - Consultants  
Watershed - SWCD

Whoever deals with construction erosion & sediment control concerns & runoff reduction.

## WHAT YOU WILL LEARN

- Perimeter control options - there's a lot more than silt fence. See different sediment logs and other silt fence alternatives.
- Rolled Erosion Control Products (blankets) - what's the proper overlap, staple pattern, trenching, etc. When to use the different types of products.
- Concrete washout options for small construction sites. What to use to contain the rinse water when tools are cleaned.
- Sediment removal products for turbidity reduction.
- Permeable pavers.
- Underground stormwater storage system products.
- Construction entrance options.
- And much more!

Fee includes field seminar, handouts, refreshments & networking!

This event is sponsored by MECA and the City of Elk River Minnesota.
