- 2:30 – 3:00 Break
- 3:00 – 3:20 Seed Bed Preparation and Erosion Blanket For Stabilization – *Vicky Dosdall, Lawn and Driveway Service, Inc.*
- 3:20 – 3:40 Scour Stop off Bridge Decks & Culverts - *Dan Larsen, Brock White*
- 3:40 – 4:00 Temporary Perimeter Control (Silt Fence, Logs, etc.) - *Ramy Turf Products*
- 4:00—4:20 Inlet Protection- *Greg Kilgore, Ess Brothers*
- 4:20 Questions & Wrap Up

You can replace a culvert or repair settled areas in a road, but do you know what products to use and how to install them to prevent erosion and capture sediment? Attend this workshop and see real life examples, learn how to select and use geosynthetics and erosion control products. Hear about proper dewatering techniques, and seed bed preparation. See products for use in slope stabilization, as well as a variety of erosion and sediment control products for your daily work.

Registration Form

Registration includes lunch and refreshments.

Name _____

Payment Type:

Company _____

Credit Card ___ Visa ___ Mastercard

Address _____

Purchase Order Number _____

Phone _____
